

Lonny Schwartz
PRINCIPAL, DESIGN DIRECTOR

Design Minds principal Lonny Schwartz has nearly 20 years of experience working on museum exhibitions. Mr. Schwartz is responsible for all aspects of design and supervises fabrication and installation. Mr. Schwartz closely supervises other designers and artists and works in tandem with the client, sub-contractors, and other trades as required. He assures that the exhibit design brings out the client's desired content and messages. Having "grown up" in a fabrication background, Mr. Schwartz interacts well with builders and detailers, allowing him to assure that design plans remain realistic throughout development and that they are executed properly.
